

Guides on How to Use Ladder Selector

Step 1: Key in Your Ceiling Height and Body Height

- **Ceiling Height:** Key in your ceiling height in cm.
- **Body Height:** Key in your body height in cm.

If you are not sure with the height in cm, you can use the unit converter to convert your known height (ft, mm or even inches) to cm in seconds!

FIND YOUR SUITABLE LADDER

Remarks:

- i. If you are not sure on your height in cm click **Unit Converter** now.
- ii. Click **Learn More** now to know on how to use ladder selector.

Step 2: Choose Your Gender, Usage Purpose, Type of Environment and Select Your Price Range

- **Gender:** Man or Woman.
- **Usage Purpose:** Household or industrial usage.
- **Type of Environment:** Indoor or outdoor application.
- **Select Your Price Range:** Choose your budget!
